

## S3PD3104XXXAL-R

### S3+ Pen Drive STEEL OTG USB 3.1 Gen1 Type A + Type-C

#### Steel – Innovation and tradition

The Pen Drive S3+ Steel is specifically designed for new generation smartphones, tablets and computers equipped with the new USB Type-C™ port. The latter is characterized by the connector with a reversible design that makes the connection easier to use and intuitive. The presence of a second USB Type-A connector makes the Steel a perfect bridge between new devices with USB Type-C and those with traditional USB ports, providing greater portability in the transfer of photos, songs, videos and other files between tablets, smartphones, Mac, PC and laptop.

#### Storage with Style

Steel features a simple and elegant compact design, sturdy metal body with brushed finish, lanyard slot and 360° rotating connector protection.

#### High-speed USB 3.1

Equipped with a USB 3.1 Gen. 1 SuperSpeed interface, the S3+ Steel achieves super-fast transfer speeds, for instant access to your data.

#### Exceptional storage capacity

Steel offers up to 128GB of storage to carry, share and store documents, photos, videos and more.

#### Performance:

Read: from 30 to 150MB/s

Write: from 10 to 45MB/s

#### Dimensions:
